## ATTENDANCE

Edgeworth Public School believes that students who are most successful academically and socially are those who attend school on a daily basis. Regular and punctual attendance maximises the opportunities for students to learn and succeed.

Whilst we recognise that there are reasons for student absence from school, the goal for 'good' attendance is 96% or above meaning no more than 8 school absences each year.

If your child is absent from school, you are able to notify the school as to the reason for their absence through the SMS messaging service, phoning the school, or supplying a written letter. We ask that you do not email the school or use DoJo to explain absences

## **CLASS COMPOSITION**

This year Stage 1 classes are 1/2 composite classes with a 2/3 class. This is the preferred model due to a number of factors such as enrolment numbers and the physical and social requirements of the students in Stage 1. Teachers follow a stage based curriculum and students will be given many opportunities throughout the year to interact with many of their peers across their grade.

## **CURRICULUM AND KEY LEARNING AREAS**

Students are provided with a broad and balanced education. The curriculum has 6 defined Key Learning Areas. This year our Stage 1 teachers will be utilising the new English and Mathematics syllabuses. We are also introducing a new Reading program into our stage, using Decodable Readers. Classes will be participating in Integrated units where they can explore, create and collaborate with their peers and showcase their talents across Literacy, Science and Technology, History & Geography, Creative & Practical Arts and Personal Development and Health. Mathematics will take an explicit focus across the school. Students will have opportunities to take part in hands-on games and engaging activities differentiated for their learning.

## **COVID MEASURES**

We adhere to the NSW Education Department guidelines with regard to restrictions and changes to our usual day to day procedures. We will endeavour to keep you up to date with changes as we are made aware of them. Please visit <https://education.nsw.gov.au/covid-19> for the latest advice.

## **ASSEMBLIES**

Stage 1 will have a brief weekly assembly on each Friday after recess to hand out Spotlights. Year 2 students from 2/3B will attend the Stage 1 assembly.

## **STUDENT EQUIPMENT**

The Book Pack provides all necessary equipment for student's learning including stationery, books and individual whiteboards. If students could also bring in a pair of headphones to leave in their classrooms these will be useful for literacy and computer activities. We would greatly appreciate a payment of \$50 to assist in funding these essential resources. Part payments will be accepted. Should there be any issue please consult with office staff who will be happy to accommodate.

## **LIBRARY**

Students are encouraged to borrow books during their weekly library lessons to foster a love of reading. They will be encouraged to participate in the Premiers Reading Challenge again this year, as this will form an integral part of their homework schedule. Additionally, students can access the Council Library outside of school hours.

## **EXCURSIONS AND SPECIAL ACTIVITIES**

Educational activities are an important part of the school program and are selected to broaden students' understanding of classroom studies. Careful planning and consideration when organising our excursions is applied, and more information regarding excursions in 2022 will be communicated with you at a later date.

Excursions are a privilege and children must display appropriate behaviour throughout the year to be able to join their classmates on these worthwhile educational experiences. Children who do not meet the standards set by Edgeworth Public School may be unable to attend.

Payments can be made online, using the POP system (minimum \$10), which you can access through the school website. Student assistance is available if you have any concerns about expenses related to such activities. Please contact the school office for further information if needed.

Homework reinforces class work and builds on what students know. It helps prepare for the next stage of learning. Students are encouraged to complete their homework. The following guide may be of assistance in regard to homework. The full school policy is available upon request.

## **HOMEWORK FOR STAGE 1 WILL INCLUDE:**

Weekly Speaking and Listening task

Sight Word Booklets

Home

Spelling

Term Public Speaking Assessment

Reading

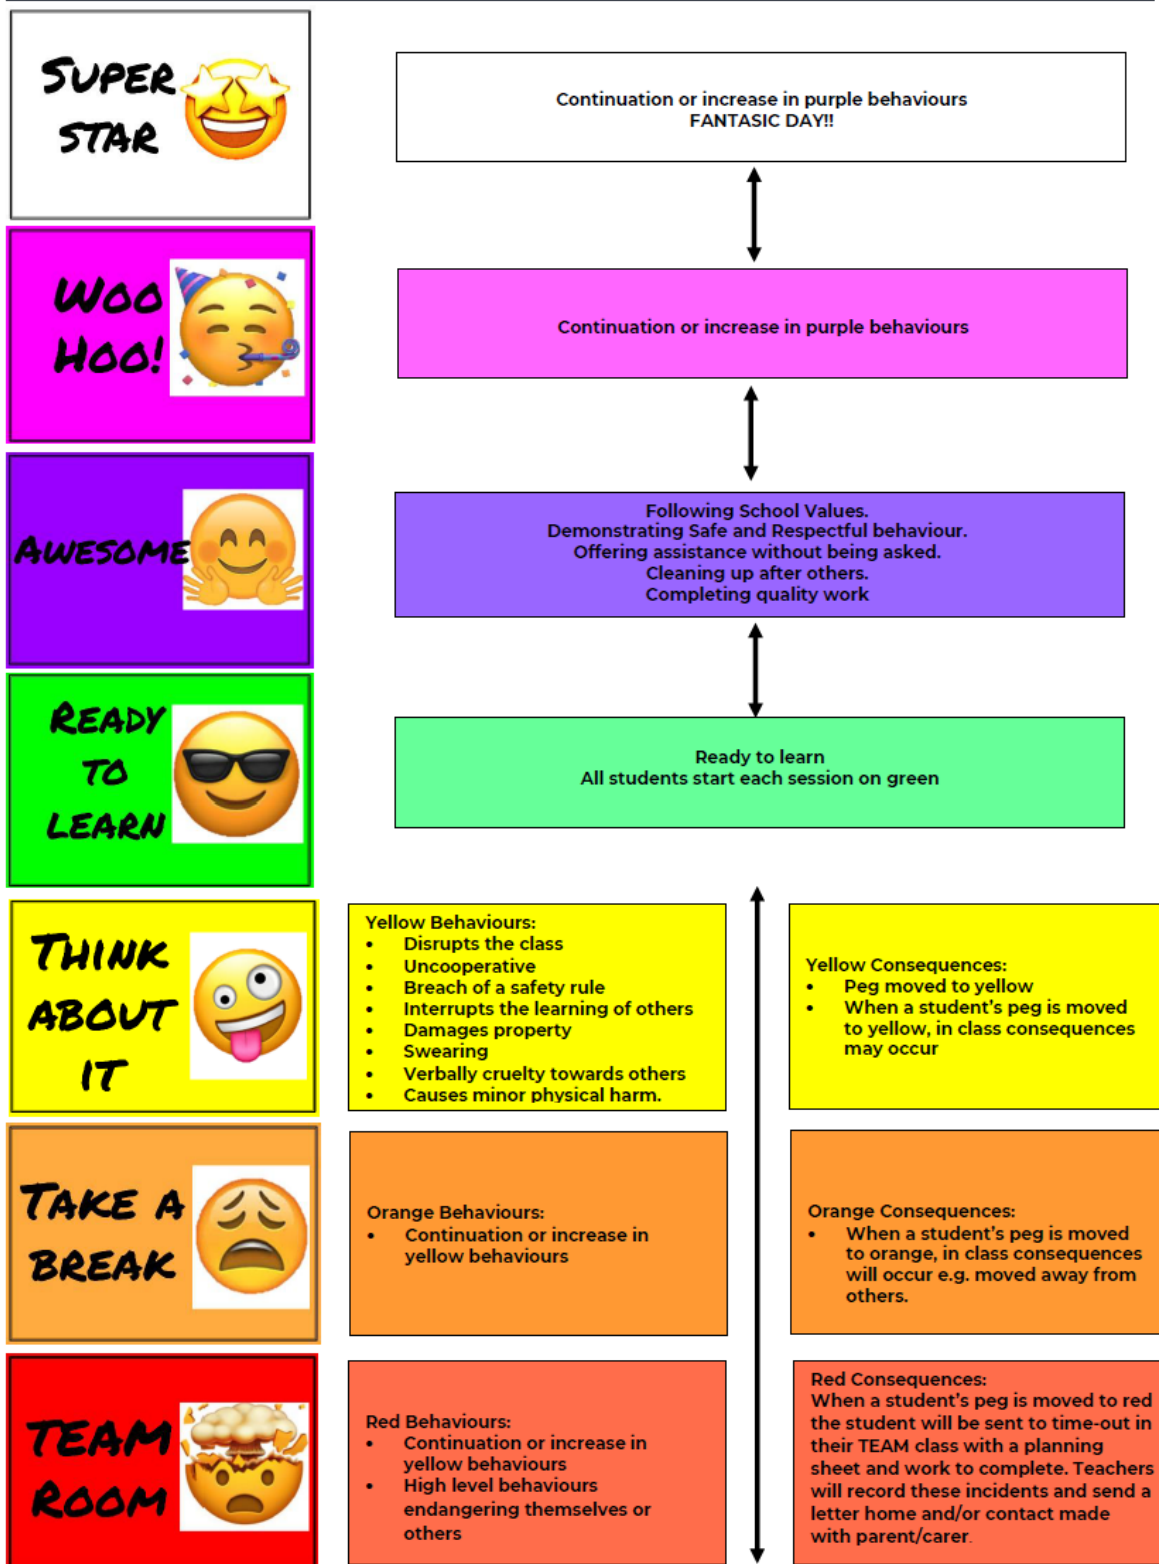

Parents can help by:

- Providing time and space for your child to complete tasks
- Encouraging neatly organised and well-presented work
- Encouraging your child to use resources at your local library and the Internet

Parents may be notified if homework is not handed to the class teacher regularly.
